Dr. Einstein Gets Lincoln U. Degree

CHESTER, Pa.—"The race problem is a disease of the white people," said Dr. Albert Einstein of Princeton University.

Dr. Albert Einstein accepts honorary LL.D. from Dr. Horace Mann Bond, president of Lincoln University, at Chester, Pa.

sity, in an address to a special session of the Lincoln University Conference on Objectives at the institution this week.

Speaking on the international situation, he said: "There has never been a reign of justice in the international field, only a reign of force. Mankind's situation is like that of a little child who has a sharp knife and plays with it."

"There are those means of horrible destruction which we face today. We have the means in our hands to destroy the earth. There is no defense possible against this kind of thing."

"We have an organization of the United Nations but it has no power. The only possibility of preventing war is to prevent the possibility of war which can only be done in time of peace. A horrible

Senate Confirms Judge Hastie

WASHINGTON—Judge William H. Hastie was confirmed last week by the Senate as the first Negro to hold the post of federal judge.

Action came on a voice vote after Ellender had told the Senate that Charles Harwood, the retiring governor, should have been reappointed by former secretary of the interior Harold I. Ickes, termed by the Senator an "old pious hypocrite."

"The president made a very serious mistake in nominating a colored man for the governorship of the Virgin Islands," Ellender said, adding that it would "retard the progress of the island."

In an interview Friday following his appointment he was asked how he felt about the Communist charges that had been hurled against him.

Would Deny License To Jim Crow Places

ATLANTIC CITY—A meeting sponsored jointly by the National Association for the Advancement of Colored People, the Equal Rights League and the Northside Union League, held in the colored Elks' Home last Sunday, started a drive for the enactment of a city ordinance denying licenses to all public places violating the state law forbidding discrimination against Negroes and other minority groups.

According to Ewart G. Guinier, of New York, a member of the executive board of the United Public Workers of America, who acted as spokesman for the committee, the drive was started as a result of the arrest of two delegates to the Public Workers' convention who along with 15 others, picketed a restaurant here on April 26 at

ter claiming two colored members in their party were refused service in the restaurant.

The two arrested on disorderly conduct charges were James V. King, of Brooklyn, a vice president of the union, who attended

Driscoll, Hoffman And Hansen Silent On Jim Crow School Issue

NEWARK—The three candidates for Governor of New Jersey remain mysteriously silent on the separate school situation in certain communities in this state. Last week Fred Martin, co-publisher of the Herald News, wrote letters to Judge Lewis Hansen, the Democratic candidate, Colonel Harold G. Hoffman and Commissioner Alfred Driscoll, the two Republican candidates for Governor, asking all three their stand on this vital question.

All of these candidates are making appeals to the colored voters for support, so the Herald feels they should make clear their position on the school issue so that Negroes will know what to expect in the event of their election to this high office.

The Herald will publish a copy of their replies as soon as they are received. Here is a copy of the letter sent to them by Mr. Fred Martin.

Atty. Randolph Gets Appointment

TRENTON.—Former Assemblyman Oliver Randolph, Newark, who is a former United States Assistant District Attorney, was appointed this week by Attorney

OLIVER RANDOLPH

General Walter D. Van Riper to take charge of the estate of bank accounts in New Jersey.

Under a new law adopted by the 1946 Legislature, interest on unclaimed bank deposits as well as the deposits would be escheated to the State after lying dormant for twenty years. The measure was sponsored by Senator Charles K. Barton, Paterson, Republican.

In addition to the appointment of Randolph to take charge of the work, the Attorney General also plans to appoint a lawyer in each county to supervise the collection of escheated bank accounts in the respective areas of the State.

Mrs. Emma Clement Named American Mother Of 1946

NEW YORK.—Mrs. Emma Clarissa Clement of Louisville, Ky., 71-year-old mother of seven children, and a granddaughter of a slave, is the American mother of 1946—the first Negro so honored by the Golden Rule Foundation.

Advised of her selection while attending the district conference of the African Methodist Episcopal Zion Church at Springfield, Ky., Mrs. Clement said: "I am very proud of the honor for my race, for my children and for my church."

She was notified by a daughter who phoned from Louisville, Ky., that she had been selected since the start of the award in 1935. She is expected to come to New York to represent the Mother's Day observance.

Mrs. Clement was born in Providence, R. I., and attended Livingstone College in Salisbury, N. C. There she met and married Geo. Clinton Clement who later became a bishop in the church. He died eleven years ago.

The children, all graduates of Livingstone, are: Mrs. Abbie Jackson, executive secretary of the Women's Home and Foreign Mission Society, M. E. Zion Church, Rufus E. Clement, president of Atlanta University; Frederick A. Clement, professor of physics at West Virginia College; Ruth G. Bond, wife

Antioch Names Anderson

CLEVELAND—Walter F. Anderson, 30-year-old Negro director of music at Karamu House, a settlement institution here, has been named head of the music department of famed Antioch College, it was disclosed this week.

Mr. Anderson, a distinguished musician, is a graduate of Oberlin, and his appointment by the college to this important position, it is said, marks the first time a white college has named a Negro to head a top-ranking department.

COLORFUL SCENES AT EAGLES' OPENING GAME

It was a gala and colorful crowd who attended the opening game of the Negro National League baseball season at Ruppert Stadium Sunday afternoon between the Newark Eagles and Philadelphia Stars. Bill Malloy, Herald photographer, was right on hand to snap the above photos of interest. Upper left shows Manager Homer Curry, left, manager of the Philly Stars, shaking hands with Manager Biz Mackey of the Newark Eagles prior to the commencement of hostilities. In the background are the members of the Stars and Eagles surrounding floral pieces presented to the Eagles by the Lincoln Pleasure Club.

On the right, Deputy Mayor Barney Koplin looks like a real big leaguer as he prepares to throw the first ball. Leon Day is an interested onlooker and the Deputy Mayor became an interested onlooker as Leon went on to pitch himself into the Hall of Fame with a no-hit no-run game.

Brown Forces In Driving Finish

NEWARK.—The forces of Oliver Batts Brown are giving their forces for a final drive for the election of their district leaders on June 4. These committeemen and county committeewomen who are pledged to a progressive program of benefit to the citizens of the Third Ward have rapidly been gaining support in their districts.

At a sixth district meeting held at 171 Prince street on Monday night, Dr. Andrew V. Morris, campaign manager for the Brown forces, predicted a sweeping victory for the entire slate. "The people is aware of the benefits they will derive from our program and are rallying to our support," he said.

Ask Court To Set Aside Verdict

TRENTON.—Counsel for James C. Gibbs of Johnsonburg this week asked the Supreme Court to set aside Gibbs' conviction in Warren County Court and his sentence of five to seven years in State Prison on a charge of advocating the death of his wife. The court reserved decision.

Warren County Judge Bowels, who sentenced Gibbs to prison after he had been found guilty by a jury last December, also fined Gibbs \$5,000.

Frank G. Schlosser of Hoboken, counsel for the farmer and foreman, told Page 1 of the court at the opening of its May term that the statute upon which Gibbs' indictment, conviction and sentence were based is so vague and indefinite that it violates the due

MONTCLAIR.—The town of Montclair, one of America's first ranking suburban communities, ever on the alert for crime and gambling, arrested 23 men in their latest sweep, when they raided the Chateaux and Waiters' Club, 105 Bloomfield avenue, last Monday.

The raiding party of 12 patrolmen and three lieutenants was led by Chief Fleming and Police Captain Mulligan.

Police said the card and dice players had chips and money in sight. They said the establishment also contained a pool table. The alleged "banker" for the house, John Taylor of 23 Portland place, Montclair, was reportedly still holding a possession. NEWARK—Charles Watson, 23, of 23 Boyd street, faces a charge of manslaughter as a result of an altercation he was involved with Willie Batts, 50, of 23 Boyd street, a janitor of the Belmont Avenue School, last week.

According to the story as told by Watson's mother, Mrs. Martha Watson, her son went to the assistance of his sister, Flora, 19, who was being attacked by Batts, who is the father of four children.

She related how her daughter and a girl friend left home on the night of the calamity to secure some hot bread from a nearby bakery. On their way back home, which was around 12:30 a.m., they were approached by Batts at Boyd and West Kinney who told Flora

ELIZABETH—Once more Robert Smith of 13 Hamilton street, Newark, indicted seven times for a robbery he insists he did not commit, was acquitted in Judge Edward G. McGrath's Quarter and General Sessions Court last week when his counsel, George W. Gregory of Newark, proved Smith was not the man.

Of the seven indictments and the resulting trials Smith has been beaten them all but one. Five Smith signed a confession only after having been beaten by police. The United one still pending. Two assistant prosecutors and two detectives battled for the state's case but Gregory won the acquittal.

Hughes A. Robinson Named Vets' Advisor

PHILADELPHIA.—The appointment of Hughes A. Robinson, of Merchantville, N. J., as associate advisor in the Veterans Administration's rehabilitation division for the New Jersey area, was announced this week by Homer Rogers, manager of the VA Regional Office of Newark.

His duties will include the counseling of veterans on matters relating to their education and training, and analysis of various standard aptitude tests given to the men to determine the courses of study or type of work for which they are best qualified. Robinson was released from the Army recently as a major in the Army Chaplain Corps, after five years active duty, including two years in the European and Pacific theaters. Since 1943 he has been stationed at Fort Bragg, N. C., where he is best qualified.

CAA Jumps On 5 Kinney Bus At Long Last

NEWARK—The Crispus Attucks Association wrote Public Service Coordinated Transport this week asking that an investigation be made into overcrowding on No. 5 Kinney bus.

Citing conditions on the line as evidence of danger to women and children in the overcrowded buses, the CAA asks that Public Service make some improvement of these conditions.

A mass meeting by the CAA at St. James AMB Church on High Street Sunday afternoon, May 19, will include a discussion of Kinney bus service.

Other subjects to be taken up at the meeting include the recent transfer from fourth to first precinct of Captain Timothy Rowe. Strong objection because of his transfer has been voiced by Negro leaders and one leader has been circulating petitions asking that Rowe be sent back. The CAA has also invited Captain Rowe to speak at the meeting.

Alleged discrimination practiced in some cases in Third Ward arrests are also to be discussed.

A. M. E. Delegates Commend Driscoll

CAMDEN — Alfred E. Driscoll, candidate for the Republican nomination for governor in the primary election Tuesday, June 4,

was extended a vote of commendation Saturday by the delegates attending the annual conference of the New Jersey A. M. E. Church, which was held May 1-5 at Macedonia A. M. E. Church here, of which the Rev. D. McNeil Owens is pastor.

In the resolution unanimously approved by the delegates, representing over 100,000 church members throughout the State, Driscoll was lauded for his impartial and unprejudiced administration of the Alcoholic Beverage Control Board. He was particularly commended for appointing Walter Williams of Camden as a full-fledged ABC agent, instead of a "special". In addition to Williams, there are several other colored ABC agents, including Gen. Hill of Orange and Dyrwood Williams of Rutherford, it was later pointed out.

Bishop David Sims of Philadelphia, presiding elder of the First Episcopal District, was conducting the session when the resolution was passed commending Commissioner Driscoll.

Upon receiving notice of the resolution, Commissioner Driscoll stated that he was "elated as well as surprised over the action taken by the body, because such an expression was unsolicited. I am grateful to Bishop Sims and his many fine associates for this citation and wish to assure them of my determination to continue to serve for the promotion of a clean and upright citizenship."

When he returns he will give the people who have a simple dignity, and good manners that would strike any observer. The Dances (from whom the U.S.A. purchased the Islands in 1917) left a heritage of continental manners. Gentlemen tip their hats to each other on the street, shake hands before and after every meeting. These formal observances are a very important part of the life of the Islands.

During the war the Islands enjoyed a boom. The expansion of Army and Navy bases meant more civilian employment. There was a great war demand for sugar, a large proportion of the young men were in the Army. Everybody can be expected that things have undoubtedly slackened, and there will be seen efforts to bring about reforms or plans that will come before Hastings.

Faces Eviction

showed that the family had no place to go.

OPA Rent Director, Michael Pecora and District Court Judge Cecil H. McMahon said last week that they were powerless to halt the eviction.

Michael Harrison and his wife, Ruth, have lived at the address 17 years. They have six children, aged two to 11. Also living with them are the three orphaned children of Mrs. Harrison's late sister, Rose, aged 11, 13 and 14; Harrison's 10-year-old mother-in-law, Mrs. Hattie L. Robinson; his brother-in-law, Brooks Robinson, a veteran, and his sister-in-law, Mrs. Estelle Oakman, a widow.

The house is owned by Miss Ada Brown, now living in the 10-room rooming house she owns at 63 Mercer st. She bought the Harrison home last year and filed notice with the OPA Oct. 15, 2-6 intended to live in it with her sister.

OPA regulations required she give the tenants six months to move out. That time expired April 15. When they did not move out, she had them summoned to the District Court. Judge McMahon told Harrison he had no alternative but to order the family to vacate and that unless it did he would be forced to issue an eviction notice on Saturday.

On top of Harrison's troubles, he has been on strike for four months as an inspector at the Phelps-Dodge Corp. in Bayway.

His wife, Ruth, has been working, however, he said, and the family has been able to pay the \$53 monthly rent.

Pecora said he would appeal to Miss Brown to permit the Harrison family to remain in their home until they can find another house or apartment.

process clause of the Federal Constitution.

State's Charges

Gibbs was convicted of offering \$500 to Frank Whittman, former employee, to dispose of his wife, Mrs. Mae Gibbs, because the "late said, she nagged him."

Trooper Green of the New Jersey state police, disguised as an accomplice of Whittman, went with Whittman last September to the Gibbs' home and collected the \$400 "balance" which the state said Gibbs owed to have the job done. When he turned over the money, state police arrested him.

Schlosser argued that Judge Bowers erred in charging the jury that hearsay evidence reached the panel. He also said: "The verdict of the jury was improperly colored by the resentment of the population of Wagon County against the defendant."

Prosecutor Schechter of Warren stressed that Gibbs did not take the witness stand to deny the state's charge. He said it was necessary for the authorities to use Gibbs to determine where the witness was ground for a criminal charge against the suspect. He declared the investigation started when

"War-time FEPC offices closed today. Senate-House conference committee has denied funds for completion of final FEPC report requested by President Truman. statute which denounces the advocacy of the death of a person. Schechter said its place in the homicide section of the law and its relation to other statutes clearly showed the Legislature did not intend that any person commenting that he hoped another person would "drop dead" should be prosecuted under the law. The prosecutor said he interpreted the law to mean that it should be employed only when one uses it to harm another person in the advocacy of the death of a third party.

Held For Grand Jury In Cutting Scrape

NEWARK—Isaac Wilkins, 20, World War II veteran, of 88 Stratford place, was arraigned last Friday before Police Judge Duveneck, sitting in the Second Criminal Court on a charge of atrocious assault and battery, growing out of the alleged cutting of five young hoodlums two weeks ago while walking his girl friend home along Stone street.

In the assault case, testified that no one save his boy friend Wilkins was with her Wednesday evening when they were attacked by seven youths. During the fight Wilkins did the cutting with a knife he declared he took from one of the assailants.

When Harvey Lieb, attorney for the youth attempted to press for acceptance of complaint by his client Wilkins, with Miss Tate, identified one of the defendants. It was denied by Judge Duveneck.

At the hearing, five of the First Ward Hoodlums denied that they had, ever seen Wilkins or Miss Tate before. They contended that on the way from a theatre they were attacked by more than one colored man.

Bail of \$1,000 each for Wilkins and Miss Tate was furnished to avail action of the Grand Jury. Attorney Lieb declared he would make a request of the clerk of the Grand Jury to have Miss Tate and Wilkins testify before that body as to the actual occurrence and relate the circumstances which led to the alleged cutting.

Girl's Brother Attacked

Miss Mary Tate in an interview last Sunday described how her brother Hugh, 26, of 26 Hillside place within a stone's throw of her home last Friday was brutally

attacked by several youths apparently believing he was Isaac Wilkins, her boy friend. Miss Tate said her brother had promised to bring her two nieces living with her that he would escort them to a show as they were afraid to go alone since the hoodlum attack of a week ago. When Hugh was struck with a black jack on his head and knocked down, he bravely questioned the reason for the gang attacking him. During his discourse he convinced the youths of the cowardly act they were committing against him. It is said the hoodlums became apologetic and called a cab and took him to the Tale Dress shop on Belmont avenue. Miss Tate, who works for her brother at his dress shop, and her brother's head treated at City Hospital and reported the incident to the police.

Responsible for the overwhelming success of the delightful opera, "Creatures of Impulse," held last Thursday night at the Y.W.C.A. was due primarily to the untiring efforts of Mrs. Doris Wheeler, chairman of the Opera, and Mrs. Zephra Leath Thompson, program director of the Younger Girls, seated. Standing are Basil Frazier, in charge of dramatics, and Mrs. Rosamond B. Martin, in charge of music.

"Creatures Of Impulse" Pleases Large Crowd

JERSEY CITY — The Central Y.W.C.A. 270 Fairmount avenue, was crowded to capacity last Thursday evening when the Younger Girls Committee of the House of Friendship Branch Y.W.C.A., 43 Belmont avenue, presented the entertaining opera, "Creatures of Impulse."

The plot of the opera revolved around the people who inhabit "Flanders." They crossed the path of the mysterious old lady, who had some special magic which enabled her to survive without eating. The manner in which the old lady bewitched all who crossed her path made an interesting and fast-moving playlet.

The principal parts in the opera were sung by Alice Hayes, soprano; Herbert Richardson, tenor; Daniel Crump, baritone; Audrey Crump, mezzo-soprano; George White, baritone; Constance Nebbett, alto; Patricia Jackson, Juanna Williams and Alva Hayes. A mixed chorus of village boys and girls and dances made up the complete cast.

They included: Sara Watkins, Edith Ladd, Gwendolyn Bland, Dolores Staples, Robert Lee Gant, Elfreida Hye, Edward Davis, Julian Tinsley, Andrew Robinson, Juanita Merritt, Florence Bennett, Willie Mae Dixon, Lois Jones, Ethel Simmons, Ethel Phillips, Willie Pearl Hill, Noah Chapman and Willie Moore.

"Creatures of Impulse" was directed by Mrs. Rosamond B. Martin and Basil Frazier, the former responsible for the music and the latter for dramatics. Miss Annie Johnson assisted in the dances, while Mrs. Gloria Boatman, a student of voice and piano, was the pianist. She is a student of Mrs. Martin.

The sponsoring committee included Mrs. Doris Wheeler, chairman of the opera; Mrs. Sybil S. Hill, chairman of the Younger Girls Committee; Mrs. Marian Irving, Mrs. Martha Nelson, Mrs. Ruth Chisholm, Miss Ann Wiggs and Miss Lena Graves. Mrs. Zephra Leath Thompson is program director for the Younger Girls.

Gov. Walter Edge is to be congratulated for his approval of the legislation providing some \$55,000,000 for state veterans' loans.

Introduced by Assembly Speaker Walter H. Jones (R. Bergen), and known as the Jones Act, the measure permits business loans to veterans up to \$3,000 and loans up to \$1,000 for household furnishings, both at 4 per cent interest. Loans are to be made by banks with the approval of Dr. Charles R. Erdman, economic development commissioner, and are guaranteed by the state at 90 per cent.

Business loans must be repaid within six years and those for household furnishings within two years. Already, it is said, 4,500 applications for loans totaling \$9,952,953 have been approved.

The new law appears to do what its sponsors claim: to increase and liberalize benefits available to veterans. A law of this kind, of course, confers its benefits according to the manner in which it is administered.

THE IMPOSSIBLE CONDITIONS

It is certainly to be hoped that New Jersey's experience will not be the same as that reported in the case of federal loans and in the case of some other state loans, where veterans seeking loans have found it well nigh impossible to qualify for them, no matter what good-character references they could produce nor how sound a risk they could show themselves to be.

RED TAPE AND COLOR

The presumption is that now the money has been made available it will not be held in some strong box fenced off by red tape and impossible demands on veterans.

Colored veterans, in view of the experience of many of them in seeking veteran loans, will be sure, be anxious to see how the New Jersey veteran loan law is administered.

Atlantic City Challenge

Given a law forbidding discrimination on account of color in public places, as in the case of the state of New Jersey, we know of no more effective way to put an end to actual discrimination than that taken by some thirty-odd members of the Atlantic City Workers' Association, CIO, which held its first biennial convention in Atlantic City a few days ago.

STRAIGHTFORWARD ACTION

When two colored members of the union were refused service in Hackney's Restaurant, thirty members of the union which is made up of government employees, teachers and hospital workers, walked out of the place and immediately formed a picket line in front of the restaurant.

The thirty union members not only cried out against the "un-Americanism" of the Jim Crow treatment of the fellow union members, but insisted on being arrested and booked for protesting their Jim Crow treatment. Moreover, the executive board of the union voted unanimously to have its legal staff start civil action against the restaurant.

UPHOLDER OF THE LAW

Needless to say, the Atlantic City police and local officials were noticeably upset over the development. They might very well be, in view of the fact that they were put in the embarrassing position of upholders of the law who were siding, for the moment of their embarrassment at any rate, with the defiers of the law—the restaurant management.

SOME PERTINENT OBSERVATIONS

Two or three observations, it seems to us, may very well be made here. First, Atlantic City cannot continue to affect the role of host city to conventions without changing its Jim Crow ways, to square with the changing nature and make-up of these conventions. It is later than the city seems to think.

Second, while citizens who are alert to the pressing issues of the day are growing weary of any and every insult to American citizenship—knowing that any and every insult is an attack on their own status.

And, third, colored citizens are increasingly—witness the attitude of the two around whom the dispute arose—willing to go to the mat with the defiers of their citizen rights, which is, oh, so good and important.

Atlantic City should wake up and learn the time of day it is!

School Equality: U. S. A.

No reader of the Herald News needs to be reminded of our feelings about the importance of public education as a crucial factor in American life. For years we have scarcely missed an edition in which we did not have our say about this importance, locally or nationally or both.

We know of no argument that can be seriously taken which does not support the basis of our contention and concern.

WITH GLAD THANKSGIVING

It is, then, no surprise to our readers that we celebrate, with glad thanksgiving, the news that the NAACP has launched a south-wide campaign "to complete equalization of public school facilities from the university level through the lowest elementary school."

NAACP lawyers, from Washington, D. C., Birmingham, Ala., Richmond, Va., Sumpter, S. C., Miami Fla., New Orleans, La., New York, Tenn., Atlanta, Ga., and other points in the South, met in Atlanta just a few days ago to survey the legal problems surrounding the age-old problem of discrimination against colored citizens and their children in public education.

CLASS OF CASES

Among the cases agreed upon were those to compel the admission of qualified colored students to graduate and

Perhaps The Teaching Should Be Reversed!"

professional schools, and to state universities, as well as to enforce veterans' rights under the educational provisions of the G. I. Bill of Rights.

The Atlanta conference, furthermore, agreed to push plans for cases to compel equalization of high school and elementary school facilities, equalization of school terms, equipment and bus transportation.

STRATEGIC IMPORTANCE

Strategically important, the conference agreed upon plans for the handling of a maximum number of cases, at the same time, in order to convince school authorities throughout the South that colored citizens are determined to enforce the 14th Amendment to the letter.

This is a good and promising development; and citizens of good will everywhere, white or colored, ought to support it.

Tuskegee And The DAR

We are not especially impressed that Mrs. Julius Y. Talmadge, President General of the Daughters of the American Revolution, has convinced herself (and, apparently, her DAR sister primitives) that Booker T. Washington's Tuskegee choir offers an occasion for reversing the less-than-ban on the appearance of colored persons in its Constitution Hall in the nation's capital.

PARDON US, IF WE DON'T CHEER

Dr. F. D. Patterson, president of Tuskegee, is too good a public relations man for special favors from the likes of Mrs. Talmadge and the Jim Crow elements in the U. S. Army, say, for us to believe that the DAR's permit is other than a sort of acknowledgment that men like Patterson is what they like most about the American citizen of color.

After all, the DAR, through Mrs. Talmadge, has made it clear that the letting of the Hall to Tuskegee is strictly a charitable affair—in behalf of the Negro College Fund; and in honor of Tuskegee's founder the late Booker T. Washington (about whom, for all his good points, we simply refuse to indulge further comment, for reasons that must be obvious to all those to whom such things can be obvious).

AS FOR OURSELVES

As for ourselves, we prefer to believe, contrary to what Mrs. Talmadge has pointedly remarked, that the actions of persons like Mrs. Clare Boothe Luce, who have raised a bit of a stink over the "primitiveness" of DAR in refusing to allow colored artists the same use of the Hall as permitted white artists, have had good effect.

In short, we find it impossible to believe that even persons like Mrs. Talmadge can continue, in the public view, to make fools of themselves.

The OPA And Your Table

Last week, as was noted on this page, Mr. Chester Bowles, Economic Stabilization Director, reminded Senator Taft (R. Ohio) that "you don't buy groceries on wage rates. You buy them on earnings, and earnings have gone down since V-J Day."

Mr. Bowles was speaking in favor of retaining OPA regulations intact—immediately, to help consumers keep groceries on the table; and, resultantly, to avoid inflation—the lessening of the number and quality of things your dollar will buy.

Make no mistake about it, the fight to save the OPA, as it has operated these past few years, is as important a fight as any the general populace has had to wage in many a decade. If the OPA was necessary to win the war, is it not equally necessary, in peacetime, to safeguard the commitments made during the war?

A DOLLAR'S WORTH

What is a dollar spent to buy war bonds, during the war, to come to in purchasing power, if the country now is to remove regulations which supported the purchasing power of your dollar when every war politician was screaming, "Buy War Bonds and Save the Country?"

DEAR DOLLAR FOR CHEAP

The fight against the OPA—whatever the loud-mouthed arguments advanced—is simply a fight to cheapen the dollar now so as to allow the rich and well-to-do, the money-holders, or money-changers, to repay a dear dollar with a cheap dollar.

BOWLES NO LESS THAN EISENHOWER

Forget the economic theory of the OPA fight for the moment and look straight at the groceries-in-the-house angle of the matter, and you find that the men in the Congress who want to end to the OPA are the same men who are dishonoring their wartime commitments to veterans and civilian workers, and who are taking meat of your table, at the same time—that is, if you are fortunate enough to have a home in which you have a table.

The fight that Chester Bowles is making is as important a part of winning the peace as any fight General Eisenhower ever made. Hear us!

Urban League Makes Awards

NEW YORK — The National Urban League's Two Friends Award, established in 1945 for outstanding teamwork between whites and Negroes, was presented on May 7 to Harry S. Oppenheimer and the Rev. James H. Robinson for joint leadership in establishing Sydenham Hospital at the first interracial voluntary hospital in New York. Presentation of the award was made at a dinner honoring its first recipients at the Grand Street Boys Association, Mr. Oppenheimer, textile executive, has long been recognized for his interest in civic work.

The Rev. Robinson, pastor of the Church of the Master and director of the Morningside Community Center in New York, has been active in interracial work for several years, giving special attention to work with young people. Col. Charles Poletti, former Governor of New York, and member of the National Urban League Executive Board, will give the principal address. Also attending will be attorney and also a League Board member, will serve as master of ceremonies at the dinner.

The Two Friends Award commemorates the long association and friendship of L. Hollingsworth and the Rev. Robinson in building the National Urban League, an interracial social work agency, from a single office in New York to an organization with affiliated groups in 54 cities in 27 states.

Richmond Barthé, noted sculptor, designed the award which is a medal featuring the profiles of Mr. Wood and Mr. Jones.

A. P. Randolph Tells Negroes To Broaden View

By A. PHILIP RANDOLPH

If Negroes on the road to freedom don't begin to broaden their horizons beyond the defense of their own civil rights and go all-out against all fascism, socialism, and all other forms of oppression, they are doomed to drop back to a rear-guard position.

Any person with a passing knowledge of the social sciences realizes that we live in an interdependent world. What affects one minority affects us all. What affects labor helps us. What breeds anti-Semitism breeds anti-Negro prejudice. Yet you never know it from a local point of view.

On the contrary, colored Americans are playing with dynamite by hating and hating Jews. "I'm not taking out of a book when I warn Negroes to call a ball on this practice. I know from experience how dangerous and downright stupid it is. In our various battles in Washington against the FEPC, we stood in a much better light because Jews and white Christians rallied to our support. And not just in words."

For example—the needle trades union in New York largely composed of Jews, have contributed very, very dangerously to the FEPC fight. Despite this overt good will, educated and uneducated Negroes babble on, like a broken record, about "Jew-exclusionists" and "Jewish storekeepers" and other alleged varieties of Jewish tight-lippedness. Frankly I have kept a diary of experiences with Jews and non-Jews. If I had, I'm sure, I could list as many pleasant experiences with Jews as with Negroes or white Christians. Any kindhearted person could know by now that no group has a concession on greed and trickery.

Adding It All Up

So what does it all add up to? Well, an army-wide battle by constantly improving its strategy. When it doesn't advance with sufficient speed, it retreats and takes reverses its plans and calls for reinforcements. Today Negroes are not advancing fast enough, their allies to the contrary notwithstanding. If we don't want to be caught short with an American Führer, like the Italian and German anti-fascists, we've got to evaluate our past techniques and future goals and add some more battle units.

Believes in Fair Play

And that's where all other believers in fair play, including our own people, come into the picture. Up to now we haven't sought and organized sufficient support from people of other races mentally share our aims. I've told about the Jewish-trade-unionists in New York. Well, we've got 40,000 persons in the United States over 30 years of age of Jewish ancestry throughout the nation. We can call in the thousands of them, two and two make four—Americans, and all the people who are tagged with hoary stereotypes and plaques and discrimination. And we can recruit support among white Gentiles also. Many of them feel as keenly about Jim Crow as we do.

One Little Point

But let me remind you of one little point. Our appeal to Jews and the other on Rankin's blacklist will come with ill grace if we keep on nourishing our own prejudices. If we keep on believing the fairy tales that "Jews own America," we'll never win our words, we keep on aping Mr. Hitler.

We have a case against Jim

Crow. The strongest kind of case, based on scientific findings. But the world is not so simple as the eyes of the world if we show that basically we're no different from our oppressors. It is in our nature that the public opinion poll of Fortune magazine some months ago revealed that there is a deep-seated animosity toward Jews among other groups in the population. But that's not good enough. We should get rid of it all. Let's not risk defeat by playing patly-cake with the anti-Semites and native fascists. Too much is at stake. The structure of racism and imperialism hangs in the balance.

Let's cleanse our own hearts before we declare a holy war on the Hitler. Let's get rid of the anti-Semitism in our hearts before we condemn the professional bigot. Let's end all signs of this damnable anti-Semitism among ourselves. Then we can get on with the real job. Then will the lines be clearly drawn.

Arrange Chest X-Ray Survey

HACKENSACK—The Planning Committee representing churches and organizations in the South Broad street neighborhood in Ridgewood met last Wednesday night to discuss arrangements for the chest X-ray survey to be held on Thursday, May 23, 1946, from 3 to 6 p. m.

The committee including representatives from Mt. Bethel Baptist Church, the Rev. Harry G. Jones, pastor, and the Rev. A. M. E. Church, the Rev. David H. Bradley, pastor, met at the Methodist Church where the X-ray service will be held.

The meeting was called by Miss Ruth S. Fitzgerald, Director of Special Districts, Bergen County Tuberculosis and Health Association, who is promoting the project.

Free Tests

Free X-Rays and blood tests will be made possible through the Tuberculosis Association and the Bergen Pines Hospital with the cooperation of the District Health Officer, the Red Cross Nursing Service of Ridgewood and local physicians. This will be the third X-ray service for this area. After the survey, the secretary doubled that of the first and the committee expects 100 per cent participation this time from all adults in the neighborhood.

Wide Concern

In line with nation wide concern about tuberculosis control and social hygiene activities, the planning committee pledged the support of the local project. Tuberculosis still strikes in the prime of life; 40,000 persons in the United States over 30 years of age died of tuberculosis last year. Fully half a million persons are at this moment actively sick with T.B.—enough to populate a city the size of Cincinnati, Minneapolis or New Orleans. "X-raying the apparently healthy people is the best way to find out who has the disease," said T.B. early," Miss Fitzgerald said.

Those Present

Those present at the meeting include Mrs. Annie Brown, Housewife of Ruth S. Fitzgerald, Bergen County Tuberculosis and Health Association, president, USO, Miss Adelaide Hendricks, secretary, USO, Miss Alma Mason, Modernettes, Mrs. Ida Monroe, vice president, Mrs. T. B. Talbot Club, Mrs. Nettie Scott, president, Clover Leaf Industrial, Mrs. Lila Slater, president, Modernettes and Mrs. Alice Thompson, president, Next of Kin Club.

Our State Of Affairs

By O. W. "BUTTS" BROWN

A GREAT PUBLIC SERVANT

One of the finest tributes that could possibly be paid a member of the police force was the calling of a meeting of a number of prominent colored citizens of the Third Precinct to protest the removal of Captain Tim Rowe from the Fourth to the First Precinct.

Captain Rowe came to the Third when feeling toward some of the police was very tense. He immediately won the respect and confidence of the people of the ward by his fair and intelligent handling of a number of difficult situations. Captain Rowe would stand no bullying by his men and police brutality was reduced to a minimum under his administration.

He possessed a keen knowledge of the problems of the people whose protection he supervised. He had a genuine sympathy with those people and his administration built up respect for the police such as never existed before in this ward.

Citizens could talk with him freely. Not only of matters pertaining to the law but personal problems were just as carefully handled by Captain "Tim" Rowe, as he was affectionately called. He commanded respect and he never abused his authority.

Captain Rowe taught people to respect a police officer and not to molest him. He made officers realize that their job was to protect the people not to abuse or harass them. People should have a sense of security when they see a man in police uniform, not one of fear as some officers had tried to create. He knew that respect for law built upon fear was false and he spared no means in trying to break down that belief upon the part of certain police officers.

While we would not attempt to dictate to the heads of the Newark Police Department how they should run their department, one cannot help but deeply regret the moving of Captain Tim Rowe from the Fourth Precinct. His association up here has been a most pleasant one and we certainly regret his transfer. We can only hope that his successor will maintain the fine feeling of good will that has been established during the reign of Captain Rowe.

LEST WE FORGET

The housing situation continues acute in this area. Negro veterans find it increasingly difficult to find a place to live and everyone seems helpless to relieve their plight.

It strikes me as a sad reflection upon this nation and its leaders that the boys who have fought and died for us are just talking of the day when they would return to America to marry and have a home of their own, to come back and find it was just a dream. Certainly, our heroes are due better treatment than this. I like to think of what the late President Roosevelt would do in an emergency such as this.

We talked of what we would do when the lights came on all over the world and it seems to me that we are just talking. Our boys are home but without homes. There is plenty of material to build homes and there are plenty of men willing to do that building. Then what are we waiting for? Why can't Uncle Sam start a home building program for veterans? Must Congress continue to shamelessly bicker while returning veterans go without decent places to rest their heads? We talk housing but we fail to do the people's housing. Are we to continue failing in our obligation to the veteran because a group of greedy private real estate dealers hog-lie housing funds? President Truman should see that America plays fair with her war heroes and provides a home for every veteran.

GUEST COLUMN—

THE TENNESSEE 'UPRISING'

BY WALTER WHITE

Executive Secretary, NAACP

On February 26th, the nation's press, charged with the responsibility of reporting the news fairly and accurately, blossomed into an orgy of race riot headlines. The New York World-Telegram and other type screamed "Seven Hurt in Tennessee Riot as Negroes Battle Cops," the liberal New York Post, in an Associated Press release, headlined "Shots Fired in Tennessee Riot." One newspaper devoted a full page to "riot" photographs under the streamer "Highway Patrolmen and Guardsmen Bring Rioting Negroes Under Control."

A TALE OF MASS TERRORISM

'As the press vied out of Columbia, Tennessee, hummed hot with the latest flashes on the "riot," the National Association for the Advancement of Colored People rushed several reliable investigators into the seething Southern community. They uncovered as shocking a tale of mass terrorism, unbridled vandalism, and murder as America has known since the hooded Klan first robbed, mutilated, and burned defenseless Negro citizens.

Readers of the Negro press have by now received a far more accurate picture of what actually transpired than have the men and women whose sole information came from the misleading dailies. They know that Columbia is noted for its arrogant lynching, several women and even children, have been killed from the courthouse window after a duly constituted grand jury had declined to indict him for rape. They know that on the morning of February 27, after a night of cold-blooded preparation, the State of Tennessee's uniformed storm-troopers lay down a machinegun barrage, battle fashion, in the segregated Negro residential section. They know that these incriminating facts never "made" the respectable dailies.

WHAT IT DIDN'T TELL

Nor did the daily press print the pictures of Negro businesses wantonly wrecked by the police; insurance company offices, funeral parlors, barber shops, poolrooms, and a doctor's office. And to cap the climax of fraudulent reporting the dailies which use the shock-value photographs distorted the truth behind these pictures of men, women and even children, many of them bloody, herded together in the streets, hands raised high, surrounded by heavily armed police and state troopers.

STEPS THAT NEED TO BE TAKEN

Among the important steps that need to be taken in the Columbia case is a 360-degree press probe by local groups to editors and publishers of the great "free press" of America, which at every turn boasts of its objectivity and impartial coverage, must be severely taken to task for misrepresenting not minor details but the entire episode. Delegations should call upon editors and publishers. Letters to the editor are also in order. Anyone wishing a more objective view of the "riot" may order a newly published pamphlet, "Terror in Tennessee," from the NAACP National Office in New York City.

SIGNIFICANCE OF THE CASE

Other groups have recognized the great significance of this case. Jewish, labor, church and fraternal organizations have joined with us in forming a national committee to demand that the victims now being charged with everything from "attempted murder" on down. Together with this committee, the NAACP has pledged to fight this blot on America. There are four points to which we are uncompromisingly committed:

1. Unswerving legal defense of the Negro victims of the Tennessee case.
 2. Prosecution of persons actually responsible.
 3. Focusing of national attention so that public opinion shall be alerted against a recurrence.
 4. Restitution wherever possible of property losses of victims of official vandalism.
- Let your generous contribution speak your belief in American decency and democracy.

GIRL OF THE WEEK

MISS MARION HILL

This week we salute Miss Marion Hill of 9 Washington avenue, Matawan, for being selected as our first Girl Of The Week by the Escapader.

At her home one-night last week Miss Hill voiced to the Escapader, "I would rather sing than do anything else in the world. Yes, I like Billy Holiday's singing but I would like to be another Ella Fitzgerald. I'm not afraid of crowds at all, why years ago I sang before 2,000 at a high school voice contest in Scotland Neck, North Carolina; I won first prize too."

Miss Hill has created quite a stir at the shore since walking away with many first prizes in various amateur contests held here. At present our singing star of tomorrow is completing 30 weeks training at the Music Arts Center in New York City in preparation for state and radio. She also plans to sing on an amateur hour at the Apollo sometime in the very near future.

Miss Hill, who stands five feet four inches, weighs 124 pounds, has brown eyes, a perfect nose, plus smile, says that singing will definitely be her career. More power to you Miss Hill, we all wish you loads of luck.

Americans And India— What's Happening To Both

By PEARL S. BUCK

Author and Nobel Prize Winner

All Americans ought to realize what is happening to them today in India. Something very immense is going on, something of which the average American is completely ignorant, even though he is involved to a degree which will bring him into a crisis on a not too distant.

What is happening in India?

India is beginning her big fight for freedom. We may say that India's fight has nothing to do with us, but if we say that we are wrong. India's fight is the symbol of the big fight shaping up everywhere, the fight for human equality. Colonialism has become the black sign of those who do not believe in freedom and equality for all. Those who insist upon colonialism are those who insist anywhere upon the domination of one group over another, the white man over the dark, the rich over the poor, the dictator over the people, all those who believe in the power of some over others.

Which side are we on in India? The Indian-people have come to believe that we are on the wrong side. We Americans are being classed today in India with the imperialists of Britain and Holland and France. Recently in India the people who through decades under Gandhi have tried to fight for freedom in non-violent ways, suddenly broke out against Americans. They tore down our flag and burned it. They hate us even more than they do the English. When our men first went to India, they were welcomed everywhere. What has made the change within two years from friendliness to hatred?

Let us try to understand why. First, it is disappointment. They expected nothing from England but much from us. No hatred is so fierce as that which is the fruit of disappointment. The people of India know our history. They know George Washington and Lincoln. They expected the same sort of help from us that France gave to us in our war of independence. Instead of help from us they have had cold ignoring of their struggle and worse than that, they have had actual cooperation with their rulers. Roosevelt was the friend of Churchill, and Churchill is considered the enemy of India. Roosevelt made

no sign of sympathy toward India. For this we are not forgiven.

Nor are we forgiven for the gradually increasing contempt of our men toward India. When our men first went there, they were loved for their warmth and generosity and democratic behavior — qualities which Indians had never associated with white men. But as our propaganda has had its effect on Americans, they began to align themselves with the English rulers and to go today, on Indian soil. They must therefore share the attacks made upon the English, and those attacks will increase in number and violence.

Now, too, the people of India are beginning to remember that there is a sort of colonialism even in the United States. Even here the white man rules. Without our knowledge, surely against our will, we Americans are being dragged into the quicksand of India. We are being smeared with the brush of an imperialism which we do not deserve and in which we have no share. It is time for us to wake up and know what is going on. It is time, indeed, for us to come out and stand upon our ideals of liberty and equality, and to make them work.

Present Exhibit On Jewish Life

BLOOMFIELD — The Bloomfield Council on Race Relations is sponsoring an exhibit for this month entitled "The Jew in American Society." This is a photo exhibit showing the Jew in various phases of American life and is very much similar to the photo exhibit entitled "The Negro in American Life," which was shown in May, 1945.

The exhibit shows Jewish leaders in law, science, business, military service, American labor movement, Jewish affairs, literature, and entertainment. The exhibit was loaned to the Bloomfield Council on Race Relations by the Council Against Intolerance of New York.

"A good time was had by all" was evidenced by the smiling countenance of those pictured above, when they welcomed home Sergeant L. Morrison when his parents entertained in his honor.

James Morrison Feted By Parents

NEWARK — All the necessities, and even the little extras, that go to make a successful welcome-home party, were in evidence last Saturday night when Mr. and Mrs. Leonard Morrison, of 30 Hillside place, entertained in honor of their son, Sgt. Schoolmates and friends were on hand to enjoy an evening of dancing and the delicious midnight buffet supper that was served.

Present were: Richard Watts, James Williams, Oliver Heath, Mr. and Mrs. Samuel Paschall, Mr. and Mrs. James Wiggins, George Brandon, Mildred Cox, Janila Brandon, Helen Speed, Herbert Florio, Dorothy Wright, Harold Clemmons, Ida Heath, Edward Grice, Clarence Smith, Adrian Wooten, Lena Heath, Emma Marshall, William Jones.

GOSPEL TEMPLE
208 Pine street, Newark
REV. B. H. BROADIE, pastor
Rev. J. C. DeLoach, D.D., pastor
"Children are a heritage of the Lord; and the fruit of the womb is their reward." Psalm 127:3.
We wish to invite all our friends to help us rejoice in the Lord this Sunday, May 12th. Our special speaker, Mr. Wagner, will preach a wonderful message, "The Blessing of the Child." We will present the fact that it is our duty to our children to be strong and wise, to be obedient to God, to brighten their young faces with the thought that it is impossible with God. Although during their parents' struggle, there were many obstacles, and laws which were not according to God, but of man. But as we are coming closer to God, the eyes of man are becoming open as though a veil were being lifted from the ignorant. But our parents' prayers and the prayers of the church will go out into the world, and the thought of being captured by the disease "Intolerance," but by the help of God we can maintain a world of peace and forward until intolerance is dead and a bright future promised for our young.

JERUSALEM BAPTIST CHURCH
2161 Central place, Orange
Rev. J. C. DeLoach, D.D., pastor
Miss C. Sisco, reporter
We enjoyed a great day of worshiping with you in church. We praise God: I will lift up mine eyes unto the hills, from whence cometh our help. My help cometh from the Lord, who made heaven and earth. I was glad when they said unto me, let us go into the house of the Lord. As I was baptized as a Christian, I was baptized in the name of the Lord Jesus Christ. At 11 a.m. the pastor came forth with a message from the Lord in title "God's Word Momentum." Text—Hast thou not known? Hast thou not heard that the everlasting life of the Lord, the Creator, the end of the earth, faintest not, neither is weary? There is no change in the Lord, who is the same yesterday, today, and forever. The word of God is quicker, more powerful and sharper than the two-edged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart. At 4:12 p.m. The evening service was held at 7 p.m. In order to adjourn at 10 p.m. the pastor preached a sermon on the closing of the Men's Community Bible class which took place at the Hudson Baptist Church, 117 W. Market St., Newark, for its summer vacation at 8 p.m. Rev. W. P. Hays, D.D., pastor of our pastor was Master of Ceremonies. We were highly inspired by the spiritual contact with our pastor and the Christian friends of Newark.

Rev. J. C. Nelson Lauded For Church Progress

By MEYER ROWAN

(This is a second of a series of outstanding citizens of the community. Get to know them.)

NEWARK—For God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life. — St. John 3:16. Such is the favorite text of Rev. James C. Nelson, A.B., B.D., D.D. of the Clinton Memorial A.M.E. Zion Church. He has preached this over and over for 30 years to many thousands of persons. To the Rev. Dr. Nelson, no one could do more than to sacrifice a son for the sins of the world, but his beautiful and comfortable home on Crittenden street, we talked about the world in general and his family in particular. Although pastoring a large church, however, he is a family man and never too busy for them. The Reverend was reminded that the story was to be about himself—the public that didn't know of him would be anxious to learn of his achievements.

Newark Called in 1931. It was exactly 15 years ago this month that he was called to pastor at Clinton Memorial. Five years earlier a new building costing nearly 70 thousand dollars was purchased. The church had 100 members and the Reverend was able and hard working clergyman was needed for the task of paying for it. Well, the church didn't grow in the very near future, the mortgage was to be paid and the church was to be sold. Dr. Nelson is an energetic person of medium height and stocky build. He is a native of New York City and has lived in Newark for 15 years. He is a member of the church, lives in a comfortable home on Crittenden street, right into the dining room where he busily pounded at a typewriter. With our question, he would stop typing for a moment to give an answer. We wanted to know about his place of birth, his parents and early schooling.

Sumter, S. C., is his native home, the son of Rev. Edgar E. and Rosanna Nelson. The desire to devote his life to Christ came when he was 12 years old. Being the son of a minister, he was raised in a spiritual home. At famous Livingston College in St. Albans, N. C., he received an A.B. and B.D. Hood Theological Theological Seminary of the same name conferred upon him the distinguished Doctor of Divinity degree. In 1914, he was called to Newark. Dr. Nelson pastored night school and was a principal in his native state and in North Carolina. At the time of his coming to Newark, he was a principal of the Chapel A.M.E. Zion Church while a principal of the Rosenwald School. Many of his former students are now members of Clinton Memorial. Yes, right by his side now. That is an example of his wonderful leadership that cause people to follow him.

A Talented Family. Now this is the grand family of his that the Reverend wanted to talk about. He wanted to tell about Rosanna Archer of Winnsboro, S. C., at Clinton College of the same name. He was married in 1914, that they decided to team up and work jointly for Christianity.

Mrs. Nelson is a fine looking woman in her late thirties or early forties. A big, friendly smile told us that there was the usual hospitality to be found in the wives of members of the church. He is like the wife of a church head, she is active in all auxiliaries. The Junior and Senior Choirs of the church in Little Rock, Ark., now appealing long prison terms under the state Anti-Violence Act and drives for investigation and prosecution of the officials involved in violence against Negroes in Columbia, Tenn., Freeport, L. I., and Jacksonville, Fla.

These five campaigns typify major problems in the civil rights field today. Dr. Nelson is co-chairman of the new congress, which is made up of labor, farm, educational, religious, and other groups. Dr. Harry W. Brown, president of the National Christian Seminary and Dr. Benjamin Mays, president of Morehouse College, Atlanta, Ga., are also on the board of the new congress. The board of the new congress is made up of representatives of various groups throughout the country. It is under the leadership of the National Federation for Constitutional Liberties, which is headed by Marshall, chairman of the National Federation for Constitutional Liberties. The committee will meet again in New York City on May 11 to complete the organization of the Civil Rights Congress.

NEWARK—The first year's operation of New Jersey's anti-lynching law was celebrated last Tuesday evening at a meeting of the Essex County Colored Republican Council at Central High School. Speakers included Assistant State Education Commissioner Bixland, administrator of the law; Alfred E. Driscoll, director of the law; and Mrs. Sara Speaks of the Essex County Colored Republican Council. The bill was adopted April 16, 1945.

60 Cases Settled. Bustard reported that of 102 complaints of discrimination received by his department, 75 involved employment which is only settled by the law. Of that 75, he said 40 have been satisfied, 15 settled by conference and conciliation, and the other 15 are in process of settlement. Driscoll introduced by Prosecutor Minard, affirmed his faith in the possibility of all groups working together and pledged himself to fight prejudice. Hill urged greater recognition of Negroes in government employment and declared that Negroes should be named assistant procurator of the county and investigator of the state courts.

boys of the family are the only athletes. The Reverend swings a mean croquet stick. He frequents Patterson almost weekly where the game is played with friends in a church there. He plays the game and will stand up against anyone in a match. Come on all you croquet players. He is an avid deep sea fisherman, sailing from Sandy Hook down to Cape May in May. He is a mackerel and cod fish in October. His biggest haul was a 14 pound cod.

Past May 1-5, Clinton Memorial Church was host to the A.M.E. Zion Conference, with Bishop C. C. Alleyne of Philadelphia president. On April 7, 1933, that Clinton Memorial was established under Rev. C. C. Rush. Yes, 123 years of progress in the Community.

New Group Formed Seek Civil Rights

NEW YORK—Abolition of the Wood-Rankin law, American Activities Committee, establishment of a permanent FEPC and defeat of the Case Bill were set as three of the immediate campaigns of the newly-formed Civil Rights Congress in a continuations committee session following a two-day conference in Detroit Saturday and Sunday.

To aid in the fight against Negro and colored people, the fight of Southern labor to organize, Congress will also undertake to join in the defense of five unionists in Little Rock, Ark., now appealing long prison terms under the state Anti-Violence Act and drives for investigation and prosecution of the officials involved in violence against Negroes in Columbia, Tenn., Freeport, L. I., and Jacksonville, Fla.

These five campaigns typify major problems in the civil rights field today. Dr. Nelson is co-chairman of the new congress, which is made up of labor, farm, educational, religious, and other groups. ATLANTIC CITY—A resolution favoring continuance of the Fair Employment Practices Commission by the Federal Government was approved last Tuesday at the fifth convention of the International Ladies Handbag, Luggage, Bag and Novelty Workers Union in the Mayflower Hotel. The resolution called for continuance of the committee's work in the elimination of discriminatory practices in employment of racial, national and religious minorities.

The members were asked to support the Fair Employment Practices Law to insure the continued systematic elimination of discriminatory practices in employment of race, creed, color, or national origin. It was pointed out that the commission which was established as a war agency could function successfully in peace time and that the necessity for such a group did not end with war.

I hope you didn't miss this! On the last 7th, but you see, it was the first time since the war and everyone went to the extreme for fun and happiness. I must tell you who was our guest star on the week we got lost. It was none other than Tony Jenkins, the singing maestro. Tony is now knocking everyone out at the Pic. Things that happened at last Monday's Jam. My boy Chink Wink took the ivory. I didn't know you played a little box too, Chink. Wink Bush was on the bass, little Dannie was on the sax and I failed to catch the name of the drummer. The boys got together and knocked every one out. With us last week was Hal Mitchell, who will bring wonderful music to your ears very soon. Lester Harris' you are a great jammer.

Fats Gordon looking fine as ever. Brother Kelly was our honored guest star last week. I hear he has a new name — Smiling Kelly — since winning at the Hi-Lo Club. Nathaniel, you are a very lovely voice. Ralph Coppen, you're really a great person. I know how much I would like to know you, but at time gone on there must be a way. You were looking real handsome during your holiday vacation. You are a great person. You and Bee were pretty last week. I guess you are back to work, now Connie. One of the hottest night spots in Gotham is the Club Baron at Lenox avenue and 122nd street where Hortense Allen, sensational dancing beauty, left, pleases the patrons with her whirlwind dancing and pleases the eyes with her lovely form. Upper right shows the well known emcee and producer Larry Steele while lower right is that ace comedian Dusty Fletcher who has the customers falling out of their seats nightly. Then topping the bill is the favorite of the amusement world, the "Incomparable Ethel Waters."

NITE LIFE
By OLE NOSEY
Have you dug the all red atmosphere at the new swanky Hi De Ho Club? If you haven't then it's good for real and that ain't just fluff. I've dug it in the flesh! Brother Kelly on the boys give out with the solid and sweet like while you're sipping your choice at Newark's largest bar or nibbling some of that tasty food served by the solid and sweet like. Yea dad, The Hi De Ho Club is to be had if you want the best. . . . The popular How-Dy Club is featuring a fine aggregation in the field of groovy jazz and swing music in the person of Herb Henson on his band. This outfit is one of the leading swing bands of the city and equally at home when it comes to the sweet stuff. If it's good music and good drinks along with other timely entertainment you crave then, your bet is the How-Dy Club. How-Dy, that is. . . . The Sunday cocktail hour at Dodge's Cocktail Lounge is fast becoming a popular event for the smart set. Saw the popular Davis sisters there last week with their G.I. boy friends, Joan Reavis, Pinky Thomas, Paul Jefferson, and Danny Williams were also among last week's merry makers. The Graham Dining Room is definitely an ideal eating establishment. Al Graham has spared neither time nor money in making this deluxe restaurant the finest, wholesome, cosmopolitan that it is. After church, after theater, and after the nite club, you can get the best, choice ala carte dinner or American dinner at The Graham Dining Room. My choice for top honors as the place I'd like to be caught with a delicious steak. . . . It was celebration nite for Joe and Pauline Scott last Thursday at the swank Piccadilly Club as they remembered the wedding anniversary. What could be more fitting than a nite at the Pic? The answer of course, is a nite at the Pic. That fine groovy atmosphere is still to be found here where the crack Dole Dickens Trio is holding forth. . . . The Perry Adams together with Jimmie Tulef, Dave Jackson, and some of the other boys there last Tuesday enjoying the session "cause there's never a dull moment at the Pic." Will dig you next week with a complete round-up of the spots and events. . . . Play it cool now. . . . YOUR GAL, THE NOSEY ONE

"I hate prejudice" says Edward Bryzkowski in his speech at the N.A.A.C.P.'s Cocktail party given at Club 78 last week. Mr. Bryzkowski is the young white soldier whose picket of Biltmore in Washington caused the nation to sit up and take notice.

Mr. and Mrs. James Adams is expecting Sir Stork in the near future. The same goes for Mr. and Mrs. Richard Monoculus. If you wish to know who has already bled, see Archie Waters. "This is Brooklyn".

Mary Willis and her husband have ended their blissful marital nuptials, the same goes for Olga Trotman and her better half. Commemorating a double event, after fashioning hats for Willard's Hat Bar, at St. Peter Glover's for a beautiful fashion display sponsored by Mrs. Rose Wynn, we boarded the 8th ave to New York to attend the 29th dance at the Renaissance. Whether you would have a good time or not was regarded with skepticism. I need not measure the diameter of my error in prediction. The Duke Is Tops
ATLANTIC CITY — "Perhaps the greatest collection of jazz musicians ever gathered together in one orchestra," that is the description given by one New York musical critic of Duke Ellington's famous band, which played in a concert last Sunday in the Ballroom of the Convention Hall. This extravagant - sounding judgement is confirmed by an inspection of the personnel of Ellington's band. Each of Ellington's 16 men is a virtuoso on his instrument, and most of them are rated by critics as tops in their respective fields.

Buddy Johnson Is At Apollo
Buddy Johnson and his band will headline the stage show at the 125th Street Apollo Theater during the week beginning Friday. The cast will include Derby Wilson and Frenchy the Jansley, Wingfoot Turner, and Pigmest, Ella Johnson and Arthur Prysock will appear as vocalists with the band.

WNEW's Negro Theatre Wins National Award

NEW YORK — The "American Negro Theatre," which made its radio debut over WNEW September 23rd, 1945, is the recipient of two national awards.

The first award, announced in the March 27th issue of VARIETY, was the "VARIETY PLAUQUE AWARDS FOR 1945" for "Racial Good Will and Understanding."

The second is the radio award for the month of May, from THIS MONTH magazine to WNEW and the American Negro Theatre "for a job well done."

The VARIETY statement reads: "The rich, natural talents of the American Negro actor have never been questioned. But all too many times the members of this race have been 'color type cast.' For many variations of 'Rochester' or 'Stepin Fetchit' roles, radio directors were never hesitant in booking a Negro. But when calls go out for other kinds of roles, the invisible color line came into focus. For a medium that relies on hearing, radio has been guilty of the worst kind of bias, more than any other medium."

"Significant it is then that one progressive independent radio station, WNEW, New York, has understood this rule. 'A Voice is a Voice.'"

"WNEW recently inaugurated its 'American Negro Theatre' and the performers and the plays won critical accolades."

"VARIETY SHOW MANAGEMENT recognizes this belated step."

forward in the hope that other radio stations will follow in these liberal footsteps."

The May issue of THIS MONTH magazine will carry the following statement: "On September 23, 1945, Bernice Judis, Station Manager of WNEW, signed the American Negro Theatre for 13 weeks of radio drama. The station then, while it did not wish to partake in the politics of the color question, it was their purpose as an instrument of public service to guide the newly-aroused consciousness of the Negro into creative channels. As a result WNEW presents the American Negro Theatre in plays from Shakespeare to Corwin."

Convinced that voices know no color line, WNEW signed the outstanding American Negro Theatre to do a series of weekly half-hour plays in September of last year. At no time during the presentation of the six dramas and comedies was an effort made to over-exploit the series as a Negro venture. The important thing was the play, not the fact that it was presented by a group of Negro performers.

The basic concept of the series was that it serve as a workshop, a laboratory and a proving ground for talented members of the American Negro Theatre so they may serve the community and their professional skills by developing skills and techniques of radio broadcasting.

The group drawn from the ranks of chambermaids, elevator operators, firemen, waiters, started more than four years ago in the basement of the 135th street branch of the New York Public Library. Its production of "Anna Lucasta," first presented in Harlem, is now in its third year on Broadway.

"The American Negro Theatre" originates from the New York studios of WNEW at 501 Madison Avenue and is presented under the direction of Jack Grogan, of the WNEW production staff.

Membership in the U. S. Coast Guard Auxiliary is now limited to owners of boats, airplanes and amateur radio stations.

The Things I Hear

By ASHER H. CONN

John Carter, Flint's brother, is leaving for the west coast this week via air. The tour will take in Mexico and California.

Carl Gibson, Star Sgt. in this man's army, dropped in from Camp Stuart, West Point, to say hello to the folks.

The Owl Club is getting all fixed up for screens and all. There will be no flares in this campaign. Benny Stuart, who now resides in New York, dropped in the Owl Club to say hello to old friends. Birthday greetings are in order for Ella Monroe, popular beauty. I really was a pleasure drinking to her health.

Now a marriage coming up Mother's Day, Elizabeth R. Faines, O.D.B. lass, will trip down the midway with Charles Brumfield in Richmond, Va. Best man will be Prince Ervin of New York City; maid of honor, Miss Helen Faines. Lots of luck to you both.

By the way, Prince Ervin is one of the Gals Knights who are throwing that gala sports affair over at the Park Palace in the Big City Watch of weekly half-hour plays in September of last year.

Louis And Billie To Head Adam's Footlight Revue

Louis "Satchmo" Armstrong, the "Trumpet King of Swing," and his famous orchestra and Billie Holiday, America's No. 1 song stylist, are starring in the footlight revue scheduled to arrive at the Adams Theatre on Thursday, May 18, for a week's stay.

Lending tonight support are the Chocolaters, comedians; Velma Middleton, songstress; Joe Cleveland, Leslie Scott, instrumentalists; and Honey Cokes and Atkins, dancers. The accompanying screen attractions are "The Real Joe Louis," the story of the blow-by-blow rise of the ring's most colorful champion, and "Crime of the Century," a murder mystery featuring Stephanie Bachelor and Michael Browne.

Louis Armstrong personally promises that his new band will blow the customers over. Unlike other colored bands, and although

the Armstrong band plays the proper proportion of swing, it plays that swing with beauty instead of blare, and it features more sweet music than the average band, white or Negro.

Not only that, but Armstrong's is one of the few top-notch big modern orchestras which makes a feature of comedy, and not the least of that comedy, of course, is Louis Armstrong himself, featured as trumpeter, orchestra leader and comedian in no less than two musical comedies and nine motion pictures, an all-time record for bandleaders.

And speaking of all-time records, none other than Miss Billie Holiday boasts of one that began her career in no less than the nation's critics acclaimed the songstress as the greatest jazz singer in America today, she's captured the Exquire awards every year since 1943. Nuff said!

Let's Go Singing

86 Belmont Avenue Belleville, N. J.

Although from what I've seen, the trouble is we get in so few and far between."

"A friend in need is a friend indeed." Mrs. Ernestine B. Washburn, of Montclair, had her tonsils removed last Monday.

My fifth and of course it goes without saying that you, her fan and admirers will be praying for her speedy recovery. She's asking all of you to show the same spirit of cooperation for Miss Bernice Griffin, of New Orleans, who is fulfilling her current engagement at the Belleville.

I've already stated before, that Miss Griffin is a really remarkable gospel singer, with a style of singing that can't fail to stir your heart.

Sunday, May 12th, is the day set to pay homage to the mother person in the world — Mother's Day. Use your voice, if you're decided as to the place to go, why not attend the Mothers Day Program that Bernice Griffin is presenting at the usual meeting place — Laurel Gardens?

The famous Shelly Singers, formerly of Danville, Va., and who are now residing in Philadelphia, will be there along with the White Rose Singers of Ala., who are equally as famous. You remember the White Rose Singers, don't you? They are the boys who used things at the place, Easter Sunday. With two four-star groups, you can bet that you can afford to miss this affair. Be looking for you.

Also on Mother's Day, those sweet-singing Coleman Brothers, formerly of Danville, Va., and who are now residing in Philadelphia, will be there along with the White Rose Singers of Ala., who are equally as famous. Lionel Hamptons Found New Recordings Outfit

NEW YORK—Marking the first time that Negroes have launched a record company equipped to offer competition to any of the major white firms, Mrs. Gladys Hampton announced today that HAMPTONS RECORDS is now a going concern.

Mrs. Hampton, wife of the dynamic band leader, Lionel Hampton, who is rated the highest box office attraction in the swing world, heads the new label and stated the firm has a three-fold purpose: "I feel," she said, "no great effort has been put forth by the major firms to give proper attention to Negro performers. Today, records have been the making of the majority of our new bands and singers. We intend to give many more an outlet to prove themselves.

"Not only will we specialize in hot jazz and swing, but also in the classical and other varied types of folk music, HAMPTONS in time will offer employment to young men and women interested in the technical and distributing side of the game," she concluded.

Hey Ba Ba Rebo

One of the first recordings will be Lionel Hampton's "Hey Ba Ba Rebo." Part I and II, featuring Wynonie Harris and the Hampton All Stars.

Most of the recordings will feature numbers written by Lionel Hampton.

Veteran observers in the record field are watching the birth of this new era for Negro talent. In view of the fact that only those colored bands and singers in the spotlight class get the breaks and even then under limited circumstances, they feel that much talent is passed over because chances haven't come their way and such a venture as this they contend, will bring them to light.

As further evidence of their statement they point to the fact that during the war many Negro "fly by night" firms jumped up and made money with unheard of artists. Now with the war over these companies are being pressed out of business by larger

ones, who saw in the former's continued existence a threat to them. Sole stockholders of the new corporation are Gladys Hampton and her husband, Lionel Hampton.

The announcement of the corporation was made by Irving Reiss, president of the Jefferson-Travis in the disc field. Recently they purchased both the Musicraft and Guild firms. Hampton

Erskine Hawkins At Laurel Garden

All roads will lead to Laurel Garden on Saturday night when the modern Gabriel, Erskine Hawkins, hits the spot for a command appearance. The "Hawk" and his boys scored such a hit on their last appearance here that they are returning to give local dance fans another great session.

The Hawkins aggregation first came into public acclaim by their memorable recording of "Tuxedo Junction." Since that time they have been a favorite with music lovers and dancers throughout the nation.

Erskine will play all of the tunes that have made the Hawkins band one of the greatest attractions in the country today. All the jitterbugs and music addicts will be on hand to greet the "Hawk" when he hits the spot for a command appearance.
